

2014 REPLAY QUIZ #8

1. F/K @ A-35. A7's onside kick attempt goes directly from the tee to the ground and bounces high near the sideline. The ball is controlled by airborne:
 - a. A82 (no B player in position to catch the kick) who leaps vertically at the A-46, and replays show that his first contact with the ground was out of bounds. Officials award the ball to Team A at that spot.
 - b. B82 who leaps vertically at the A-46, and replays show that his first contact with the ground was out of bounds. Officials award the ball to Team B at that spot.

2. 4/15 @ B-35. A9's field goal attempt is short. The Back Judge rules that A84 did not touch the kick at the B-7 (1:24), but that B26 did touch the kick at the B-5 (1:23). The ball then touched the ground in the end zone (1:21), and was recovered by A31 (1:19) for a touchdown. Replays show that the kick:
 - a. entered the end zone untouched by any player beyond the neutral zone before being recovered by A31.
 - b. was touched by A84 at the B-7, then by B26 at the B-5, then recovered by A31.

3. 3/5 @ A-25. Quarterback A14's arm is hit as it moves forward, and when the ball hits the turf, the Referee rules an incomplete pass. Replays show that the ball came loose prior to the arm moving forward, and in the immediate continuing action:
 - a. the ball bounced into the hands of B78 at the A-20, and he was at the A-15 when the whistle blew.
 - b. both A56 and B78 pounced on the ball at the A-20, but replays were unclear as to who recovered.

4. 2/10 @ B-25 on the first possession series of the first overtime. A17's pass is intercepted by B34 at the B-5, but the Side Judge flagged B34 for Defensive Pass Interference there. The Umpire ruled that B68 tipped the pass beyond the neutral zone. Replays show that B68:
 - a. did touch the pass beyond the neutral zone, and B34 returned the interception for a touchdown.
 - b. did not touch the pass beyond the neutral zone, and B34 returned the interception for a touchdown.
 - c. did touch the pass beyond the neutral zone, and B34 returned the interception to the A-5 where A25 brought him down with a Horse Collar Tackle (called by the Referee).
 - d. did not touch the pass beyond the neutral zone, and B34 returned the interception to the A-5 where A25 brought him down with a Horse Collar Tackle (called by the Referee).
